The "TRIANGLE" Forum aims to enhance the visibility of research performed by universities and strengthen their impact on policy development in the field of research and innovation of the Republic of Moldova on national and international levels. A broad understanding of innovation will be applied, which covers not only technology-related issues, but the entire innovation process, including topics such as finance, human resources or internationalisation. Additional attention will be paid to the identification of funding sources for R+D+I activities and to facilitate the access to financial resources for the realisation of innovative SMEs projects in order to stimulate innovative start-ups in Moldova and their internationalisation.

EU2INNO INTERACTIVE WORKSHOP: CREATIVITY - THE ART OF MANAGEMENT AND LEADERSHIP (room 205)

Moderator:	Professor Clive HOLTHAM, Cass Business School; City, University of London, UK
11.30 – 13.30	Short description: This workshop is aimed at those responsible for leading or managing work in innovation and creativity. Its starting point is that you personally impact on the actual level of innovation and creativity achieved. It builds on the ideas introduced in the panel presentation. This workshop is NOT lecture based , where you are expected to take in content passively. It is based around exercises in which you need to participate actively. It is a challenging session which needs concentration and a willingness to cope with new approaches. You will not only be thinking, you will literally also be making. It will be helpful, though not essential, to bring a digital camera or a phone that can take photos. The workshop leader is only English speaking , so the materials will be in English.
