

Mobility Application Sheet

CIII-AT-0063-07-1112-M-50832

For CIII-AT-0063-07-1112 - Applications and diagnostics of electric
plasmas

Letter of Confirmation

Host Institution: **Faculty of Physics at St. Kliment Ohridski
University of Sofia, Bulgaria**

Application Name: **Ass. Prof. PhD Valeriu ABRAMCIUC**
was a CEEPUS teatcher at our institution
from: Mart 2012
to: April 2012

within the framework of: **CIII-AT-0063-07-1112**

This is to confirm that during his teacher mobility in Faculty of Physics St. Kliment Ohridski Sofia University Ass. Prof. PhD Valeriu ABRAMCIUC gave a course on the subject „Physics of ionosphere, propagation of radio waves” in total of 24 academic hours.

In addition we had discussions on fields of common interest in technical plasma physics applications and possibilities of future collaboration. He spoke at the Seminar with the scientific communication „*Some experimental data concerning sporadic plasma irregularities of the E region Earth's ionosphere and their theoretical interpretation*”.

Also, in this period are established scientific contacts with the Bulgarian Academy of Science (National Institute of Geophysics, Geodesy and Geography).

Date: **26.04.2012**

Name of the undersigned:
Dr. Tsviatko POPOV

Function:
Bulgarian Coordinator CEEPUS
